## **About Leite Creations**

Before I created Leite Creations, I was doing the whole 9 to 5, Monday to Friday thing as a Lab Technician. Then one day it happened. Going through my many photographs and artwork I realized that I primarily see myself as an artist inspired by nature that fills a need as people are always looking for a connection to nature within their homes. I was concerned that my particular style wouldn't be successful as I haven't seen it out there. But then...

My husband convinced me that what I was doing was worthwhile and that it would fill a place in people's home that is not currently in the market. I decided to showcase the most uniquely inspiring photographs, digital art, Quotes, Jewellery and gifts for the inspirationally inclined men & women in the world.

And Leite Creations was born.
